Shakedown Assignments

In anticipation of our return to picket following the completed refit, all crew are expected to submit an assignment related to a ship area of interest to the individual crew member.

Due by March 30th as part of the Drake shakedown, crew members are directed to submit an excerpt from any Honorverse book that describes an area of a ship that is of interest to the individual crew member. This may include a department, quarters, etc. The purpose of this exercise is to help visualize the Drake environment.

E-mail submissions should include book title, page number and excerpt preceded by a brief description of the crew members' anticipated roles/interest in selected areas. Excerpt cut/paste is fine, but source is required. Submit to Co@hmsdrake.TRMN.org, RE: Shakedown. Include name, rank and billet preceding the body of text.
